PRESS RELEASE

NEW EXECUTIVE DIRECTION AT FSDMOÇ

Maputo, August 9th 2017

The Financial Sector Deeping Mozambique (FSDMoç) informs its partners and the general public that since July 27, 2017, Prof. Dr. Esselina Macome assumed the executive direction of FSDMoç in replacement of Dr. Anne-Marie Chidzero who until then had been the Executive Director (CEO) of the organization. Anne-Marie leaves the post to take on other tasks in the leadership of investment fund for the empowerment of African women and will be based in neighboring South Africa.

The academic and former Administrator of the Bank of Mozambique, Prof. Dr. Esselina Macome, takes this leadership position at FSDMoç, a program funded by DFID-UK Department for International Development, with a focus on financial inclusion.

The new Executive Director assumes this position with the objective of continuing the work developed by her predecessor giving a contribution and additionally in bringing her experience and knowledge about financial inclusion. According to Esselina Macome *"The FSDMoç comes to help solve the constraints in the financial market in the expansion and use of financial services, helping the diversification of the Mozambican economy and bringing prosperity and economic resilience to the Mozambicans. In addition, at the core of FSDMoç strategy are the woman, the youth and the rural poor, as well as small traders with limited access to appropriate financial services. Our vision is based on the development of digital solutions that respond to the needs of target groups. FSDMoç counts on the close collaboration of all stakeholders from the financial services providers, regulators, in this journey of financial inclusion in Mozambique."*
